Lost!

A Meerschaum Pipe, on Tuesday evening last, about 5 o'clock P. M., between the grave-yard and McCormick's Livery Stables. Any person bringing the pipe to this office will be suitably rewarded.
July 7, 1870.

We are to have no more streets lights until the gas is let on. This will occur, probably, about the first of August.

Mr. JAMES MULLINEUX, Jr., lost one of his fingers at the mill of MULLINEUX, LAWSON & Co., last week, by a circular saw.

The net wharf receipts for the quarter ending July first, amount to \$738 99.

A large assortment of new Ribbons at Mrs. ROBERTSON'S.

"A stitch in time saves nine," the explication of which we would respectfully call the attention of those persons who have in charge the construction of the bridges (so called) along, almost, every road leading to Gallipolis; the long continued drough has "buckled" the flooring to such an extent as to draw the spikes which attach them to the girders, and succeeding concussions from passing vehicles continue the process, until, eventually, the spike is left standing up from 2 inches to 2 1/2 inches out of the plank, endangering the foot of every passing horse, and hence the life or limb of the equestrian or the occupants of buggy or wagon.

The new Gallipolis and Iron-ton packet, Jas. Fisk, Jr., was at our wharf Tuesday, on her first trip. She is a neat craft. Her hull is 130 feet long, 26 feet beam, 5 feet depth of hold, with capacity for 200 tons. The cabin is full length, with accommodations for 75 passengers. In complete running order she trims on 20 inches of water. Her officers are—Stokers, Captain; Clerks, McFARLAND and HURD; Pilots, J. PARSONS and Ed. WILLIAMSON; Engineers, JACOB HELPER and FRANK NEAL; all first class men. Good luck to the Jas. Fisk, Jr.

Marshall LANGLEY reports the following number of arrests, and the crimes for which arrested, of the city police for the three months ending the first inst., to wit:

Drunkenness,	13
Assault and Battery,	2
Disorderly conduct,	2
Fast Driving,	4
Murder and Arson,	1
Stealing,	1
Total,	24

HEALTH REPORT.—Mr. JAMES McLAUGHLIN, Sexton of the Cemetery, sends us the following report of deaths for the three months ending July 1st, to-wit:

Whites,	12
Colored,	12
Total,	24

Announcement of Congressional Convention in another column. Gallia county is entitled to eleven delegates. We suppose our County Committee will call a meeting for their appointment, and also for the appointment of delegates to the State Convention, for the 30th of July, the day recommended by the State Committee.

Our farmers are generally through with their wheat harvesting, and are repaid for their labor by a fair crop. The quality of the grain is excellent, and the crop has been saved in good condition.

Mr. A. M. COLLINS, of Boston, Mass., the eloquent and popular temperance lecturer, State Deputy and lecturer for the Grand Division, Sons of Temperance, of Ohio, delivered his first lecture in this place on Tuesday evening, at the M. E. Church. It was one of the most effective lectures we have ever heard, and we are glad to know that it accomplished much good. He will lecture again this (Wednesday) evening. Go and hear him—he will interest and entertain you.

The great excitement of the week has been a steamboat race, from New Orleans to St. Louis, between the famous steamers R. E. Lee and Natchez. Our latest news from them is at Cairo. At that point the Lee was about an hour ahead, having gained 56 minutes over the Natchez from New Orleans up. Her time to Cairo was 3 days, 2 hours and 4 minutes, the fastest time on record.

The Weather.

The weather, since last Wednesday, has been stifling hot. The thermometer registering from 92° to 94° in the shade and, generally, 120° in the sun. On Wednesday evening the atmosphere cooled down a little, and heavy clouds shrouded the western and southern horizon, vivid lightning and sharp, crackling peals of thunder resounded in every quarter. One especially, appeared in unpleasant proximity to our domiciles, and did, in fact, strike the ground about the middle of the Square, tearing it up considerably, but not to such an extent as might have been expected. The "pluvial indications" however passed off without the wished for and much required rain, as far as Gallipolis was concerned, and reserved its favors for the Kanawha and that section. There was a very heavy rain storm in and around the western portion of the county, so much so as to swell the creeks to such an extent as to become unfordable at some points. One gentleman, Mr. JACOB WHITE, in attempting to pass across Beaver Creek, a tributary of Racoon, with a wagon and team, got into a difficulty by some means and lost both his horses and a calf which was in the wagon.

On the whole, however, rain is only partial and is much required by the farmer, and the corn is consequently, unusually backward, the oats, shot into full ear, very stunted, potatoes looking sickly, and all but wheat and rye which are good and abundant, seem to languish for moisture.

Since writing the above, we have had the desired rain, and every thing looks lovely.

HALL OF ABRIEL LODGE.

No. 156, I. O. O. F.
GALLIPOLIS, O., July 5th, 1870.
Resolved, That this Lodge tender a vote of thanks to Mr. George Long and lady, and Mr. James Long and lady for their kindness extended to us at our Picnic on the 4th inst. May their lives be prosperous and happy.

F. ZERLING,
W. F. JOHNSON, } Com.
JOHN C. GRAHAM.

An arrival of Switches at Mrs. ROBERTSON'S.

Our government was ninety four years old last Monday.

In our city the Fourth passed very quietly. There was no public recognition of the day, and consequently every one sought his own manner of celebrating it. Business was generally suspended.

At Porter the Good Templars, as per announcement, held their picnic. They occupied a pleasant grove, and there was a large gathering from town and country. The exercises were appropriate and interesting. Altogether it was one of those pleasant social reunions which the memory long holds in agreeable remembrance. Between 3,000 and 4,000 were assembled in and around the town.

In the evening our Philothalian Club gave an entertainment in the Academy building. It was well attended, and the audience, which filled the room, seemed well pleased with the performance.

We shall give a fuller notice of the doings next week.

Gallia county, Ohio, will have an agricultural fair September 14th, 15th and 16th. This is one of the best counties in the State.—It was settled in 1790 by a French colony, and hence the name Gallia, which is the Latin appellation for France.—Cincinnati Chronicle.

A colored man's body was found drowned, Saturday morning, in the Ohio river, at the foot of Race street, and was identified by papers found in his pocket as Henry Scott, of Ironton, one of the crew of the steamer Fleetwood. One of the papers found in his pockets was signed Butterfield, clerk of the Fleetwood. Another paper contained the captain's name and the name Henry Scott, Ironton. Both the papers mentioned Scott as colored, so there can be no doubt that the drowned man is the one meant.—Cin. Gazette, of Monday.

The Railroad.

Of the work in Vinton county, the McArthur Record speaks as below, and in addition adds some sensible suggestions to those who have the means and who have not yet subscribed to the stock of the company. Read them:

Mr. Davis has commenced soliciting subscriptions here. He has done the principle part of his work thus far with men who have but little property, are in moderate circumstances, and therefore have not as much moneyed interest at stake as others. He has been very successful, and if men of property respond as liberally, we have a sure thing on the railroad. We believe they will. They know the benefit the road will be to them and they must not expect the poor man to drag their lands into market. Loose your purse strings. Do something for the benefit of the public. You can't stay here always, and you can't take your money or your land to heaven with you, so let it go about the country doing good, and it will return to you, and your children and the public will rise up and bless you as a public benefactor. Let each one give according to his means, remembering that the more we give the better we make the stock, as the company will then be placed beyond any possible financial troubles in the first building of the road. Never mind your neighbor. How much will you give?

IMPORTANT SALE.—We understand that Mr. L. W. Mellon recently sold a tract of land lying on Elk river, about two and a half miles from this place, containing 22 acres, for \$13,000.—Messrs. Huling and Brokerhood were the purchasers. The same parties purchased a lot containing two and a half acres, adjoining the above, of Mr. G. B. Mellon, for \$800. These lands sold a few years ago at prices varying from fifteen to fifty dollars per acre. This shows that real estate is increasing in value in this vicinity, and we hope soon to see hundreds of enterprising men of means, like the firm above mentioned, locating about our little city.—Kanawha Republican.

That is the effect of the building of the Chesapeake and Ohio R. R. Build the Logan road, and the effect here would be similar.

A MOVE IN THE RIGHT DIRECTION.—On the 24th inst., the following gentlemen met in Charleston, and organized the "Elk River Navigation Company." H. Brockerhoff, S. G. Huling, John Irwin, Edmund Blanchard, Charles McCafferty and John B. Walker. The following officers were elected:

President—H. Brockerhoff.
Vice President—J. B. Walker.
Secretary and Treasurer—P. H. Gallagher.

The company intend to commence work on lock and dam No. 1, on or before the 1st of August next. Work on the river will then be vigorously prosecuted until the river is improved for many miles, so that the vast amount of timber and coal along the shores of Elk river, can be transported out of the river with profit and safety. This is one of the largest enterprises ever started in this new country. We therefore hope it will meet with encouragement from our moneyed fellow citizens.—Charleston Journal.

DROWNED.—A young man named Peter Massar, aged twenty-three years, was drowned at the Cosport wharf at noon yesterday. He was employed on a coal barge, and in attempting to step to another barge, with one end of a cable in his hand, he somehow missed his footing, and fell between the two into the river. At that moment the steamer Ohio came up outside of the two barges, and the two men, together, so that poor Massar was unable to rise, and there he was drowned. The body was recovered about fifteen minutes after, and a thorough but unavailing effort made to resuscitate the vital spark, but it had fled.—Pomeroy Crescent.

We take pleasure in recommending the use of Hall's Vegetable Sicilian Hair Renewer as a safe and reliable preparation for restoring gray hair to its natural color, and promoting its growth.

The population of the city of Portsmouth, in 1860, including the township of Wayne, was 6,520; and without the township the city proper had 6,360 inhabitants. The population will now perhaps reach 11,000.

The Springfield Republican is authority for the statement that a Mrs. Cook, of Wallingford, Connecticut, was kept alive thirty-four days without food, by morphine injected into her veins, and that at the time of her death she had not wasted away much.

Those Democratic sheets that proclaim that Gen. Grant has no fixed policy, and has proven a failure, will find food for reflection in the monthly statement of the public debt issued July 1st. It shows a reduction in the public debt, for the month of June, of \$20,203,772 04. How is that for a policy? Won't it pay?

President GRANT and party have gone east on a short vacation from official duties. He was in Hartford, Conn., Saturday, and was received with many demonstrations of welcome. How the Conservative and Independent press will howl because he has left his official place. But, then, the people don't care at such howls, so long as a month's work shows over twenty millions of a reduction in the public debt.

That leading Democratic paper, the Louisville (Ky.) Courier-Journal, endorses the remark of the Cincinnati Commercial that "the party that puts itself in opposition to the principles of equal civil and political rights for all citizens of the United States will go to the wall," and adds "it ought to go to the wall."

Brevities.

Judge Guthrie is reported as dangerously ill at his home at Athens, with hemorrhage of the bowels.

Elizabeth Wyne, fifteen years old, living at Nelsonville, Ohio, on the line of the Hocking Valley Railroad, attempted to kindle a fire with coal-oil on Monday evening. The can exploded, and the unfortunate girl was burned to death.

A lady named Sarah Bees, living in Wheeling, was awakened by her sick child Wednesday morning for a drink of water. The lamp in the room had burned low, and while attempting to refill it while burning, the flames communicated with the can, an explosion immediately occurred, and the woman was so badly burned that she died in a few hours after the accident, suffering intense agony.

Mr. Ben. Johnson, of South Point, has associated himself with J. L. Favery in the Keg Factory, at Burlington. Their business is quite large, and they give employment to 60 or 70 men.

The funded debt of the State of Ohio amounts to \$9,848,278.

The Ohio Reform Farm School has at the present time 340 inmates.

Money sold in the Loan Association of Circleville, last week, at the following rates: Pickaway, \$140; Circleville, \$85; Home \$109 75.

The track of the Columbus & Hocking Valley Railroad has been completed to Salina, which is within six miles of Athens; and the road will be ready for trains through to Athens by July 15th.

A young man named Floyd Sigman committed suicide last week, at eighteen mile creek, Putnam county, W. Va.

Marietta has formed an incorporation for the manufacture of Agricultural Works, capital \$50,000.

The steamer W. F. Curtis has been chartered for the Wheeling and Parkersburg trade, during low water.

Prof. Andrews, of the Geological Corps, has made important discoveries in the coal fields in Vinton county.

Hon. Wm. H. Upson, of Akron, has been nominated for re-election to Congress by the Republicans of the 18th District, Cuyahoga, Lake and Summit counties.

Chillicothe children sit in the gas works to get their whooping coughs cured.

The Ohio Supreme Court has adjourned for the heated term.

The work on the railroad, at Maysville, is being pushed forward rapidly.

Richard Baddley, a pioneer citizen of Ross county, died on the 21st inst. He was 79 years of age and was a soldier of the war of 1812.

The Northeastern Kentucky State Fair will begin at Ashland, on Tuesday, August 30th, and will continue four days.

Adams county was visited by a severe wind storm on Sunday last, destroying corn and oats.

Flowers, Fans and Hats at Mrs. ROBERTSON'S.

If your hair is coming out or turning grey, do not murmur over a misfortune you can so easily avert. AYER'S HAIR VIGOR will remove the cause of your grief by restoring your hair to its natural color, and therewith your good looks and good nature.

July 7, 2w.

The many friends of Hon. J. T. Wilson, our present able representative, requests us to say, that he is a candidate for re-nomination before the coming Republican Convention, to be held in this city on Wednesday, August 17th, 1870.—Portsmouth Republican.

Real Estate Transfers.

The following are the transfers of real property for the week, furnished by Recorder Bootes:

Springfield Tp.—John E. Sprague to Charles C. James, 33 1/2 100 acres—\$800. Isaac W. Howell to Charles James, 30 acres—\$400. David Griffith to Benj. Yingling, quit claim, 2 3/8 part lands of Gallia Furnace Co.—\$5,500.

Green Tp.—J. C. Rathbun to John Morgan, 5 acres and 61 rods, also, village lot in Rodney, No. 44—\$1000. John Morgan to J. C. Rathbun, 5 acres, also, village lot in Rodney, No. 44—\$500.

Harrison Tp.—Charles Deem to Jacob Firebaugh, 10 3/100 acres—\$2,058.

Probate Court.

Judge KENT furnishes us the following statement of the business of the Probate Court for the past week, to-wit:

MARRIAGE LICENSES.
William H. Dusty and Margaret Thornton; Obadiah Bass and Emily Coffman.

OTHER MATTERS.
Austin Barton, administrator of the estate of Thomas Wilson, deceased, filed his final account.

Austin Barton, administrator of the estate of Christina Colwell, deceased, filed his first and final account.

John Waddell, administrator of the estate of James W. Williams, deceased, filed an inventory, appraisal and sale bill, of the personal property of said estate.

Gen. Morgan, of Ohio, in a recent speech in Congress, said—

"Of all schemes of legalized plunder since the world began the scheme of national banking in the United States is the most indefensible, and the most infamous." If these institutions be so infamous, why don't Gen. Morgan make an intelligible showing of it? But not a fact of the kind does he furnish. He simply makes the assertion, and there it ends. Banks are a necessity—the business interests of the country require them—and we know of no better system than the present one. If Gen. Morgan has a better one, let him propose it.

List of Letters

Remaining in the Post Office at Gallipolis, Ohio, July 5, 1870. If not called for within thirty days will be sent to the Dead Letter Office.

Angel, Sarah; Aikshire, Francis; Barrett, E. B.; Brierley, Virginia; Briley, Jane; Broadhurst, Wm J.; Buser, Thos J.; Bunch, E.; Carter, Martha (col'd); Carter, Menerva; Clark, Charles; Cook & Co., Oliver; Davidson, James; Frazier, Roman; Flint, Abner N.; Gallagher, John; Grant, Mary; Gans, G.; Gilbert, J. C.; Groves, Polly.

Persons calling for these letters will please say "Advertised."

WM. S. NEWTON, P. M.

Base Ball.

EDITOR JOURNAL.—A match game between the "Vintons" and "Actives" was played on the "Live Oak" grounds, Nov. 6, 1869, which resulted in a victory for the former, by the nice little score of 42 to 19. Owing to the fact that the victors generally publish the result of the game, published at that time, the winners were decidedly well pleased over this, their "first victory." As to preaching "our defeat on the house-tops," the Actives lack the bombastic eloquence of "Vinton," (if we know the man) to secure that end. And further, when we crown over a club, it will be over a Shanghai, and not over a set of bantams. "The energetic reporter of the exploits of the Actives," still exists, and will report another just such a game whenever the Vintons wish to meet the—

SPECIAL NOTICES.

—Latest London and Paris styles in Silk Hats, at J. J. MAXON'S New Boot and Shoe Store.

—The fall style of "Broadway Hat" at Bailey & Ridenour's.

—For a good and durable pair of Boots and Shoes for winter, go to Bailey & Ridenour's.

"Fresh as a Maiden's Blush"

In the purest complexion, which follows the use of Hagan's Magnolia Balm. It is the True Secret of Beauty. Fashionable Ladies in Society understand this.

The Magnolia Balm changes the rustic Country Girl into the City Belle more rapidly than any other one thing.

Refrain, Scurfies, Pimples, Blisters, and all effects of the Summer Sun disappear when it is used, and a genial, cultivated, fresh expression is obtained which rivals the bloom of Youth. Beauty is possible for the old as well as for the young.

Who will invest 75 cents at any respectable store and insist on getting the Magnolia Balm.

Use nothing but Lyon's Kathairon to dress the Hair.

June 23.—1m.

ROSADALIS.

S. Frontis, Principal of Poplar Tent Academy, near Concord, N. C., and who has used Rosadalis for incipient Consumption, says:

I am a living monument of the marvellous effects of your Rosadalis.

By the time I had taken the sixth bottle my cough and other concomitant symptoms had entirely left me—in short, I regard myself as rescued from the grave by your wonderful medicine. For I verily believe I would not have lived through the present summer, had only the ordinary remedies been employed. It may be well also to state that from boyhood I have had an eruption on my legs, which nothing would ever remove. It has now entirely disappeared. I can bear witness to the fact that Rosadalis will cure Consumption in its early stages.

June 23.—1m.

WEDLOCK.

THE BASIS OF CIVIL SOCIETY.—Essays for Young Men, on the honor and happiness of Marriage, and the evils and dangers of Celibacy—sent by mail, to the Editor of the "Herald," in sealed envelopes. Address, HOWARD ASSOCI
